

## Request to Communicate

The interaction that IDOC Volunteers provide to our population provides an enormous benefit to their rehabilitation and preparation for re-entry. We welcome our volunteers inside our facilities to provide these vital services with their safety being a critical concern. It is for this reason that the IDOC must maintain strict guidelines for communicating with our population outside of an approved volunteer activity. If a volunteer would like to communicate with a current or ex-offender, they must complete the form below and submit it to the staff at their facility prior to any communication occurring. Communication between an IDOC Volunteer and a current or ex-offender must be approved by the facility.
